Dr Stephen Allwright

MBBS, FRACP, FAANMS, DDU
Nuclear Medicine Physician

Dr Allwright is a consultant Nuclear Medicine Physician. He trained in nuclear medicine at Royal North Shore and Westmead Hospitals and did a fellowship in paediatric nuclear medicine at the Children's Hospital Los Angeles in the late 1980's. He returned to take up a Staff Specialist position in nuclear medicine and ultrasound at Westmead Hospital before leaving to join Dr Robert Cooper in his Nuclear Medicine practice at the Mater Hospital and at Dee Why Nuclear Medicine in 1991.

Dr Allwright is a VMO at the Mater Hospital and at the Northern Beaches Hospital. He has authored many publications, including a highly regarded book on nuclear imaging in sports medicine. He is currently involved in teaching medical students and has lectured nuclear medicine registrars and technologists over many years. His principal interests are in musculoskeletal nuclear medicine, paediatric nuclear medicine and nuclear cardiology.
